

simplify the prosecution of this case, each of the original independent claims (Claims 1 and 13) have been amended to recite the features of Claim 9 that the Examiner indicates confer patentability, i.e., the tab, slot, etc. As a result, the independent claims and all claims depending there from should now be allowable.

Applicants' attorney thanks the Examiner for her effort expended in examining the application and respectfully requests reconsideration and allowance of the amended claims.

No fees are thought to be required for this Response, however, if any fees are due as a result of this Response, the Examiner is authorized to charge them to Deposit Account No. 503571.

Respectfully Submitted,

McCarter & English
